

*Our goal*

- ✓ Provide and install, your new telephone system with the options and features that are useful

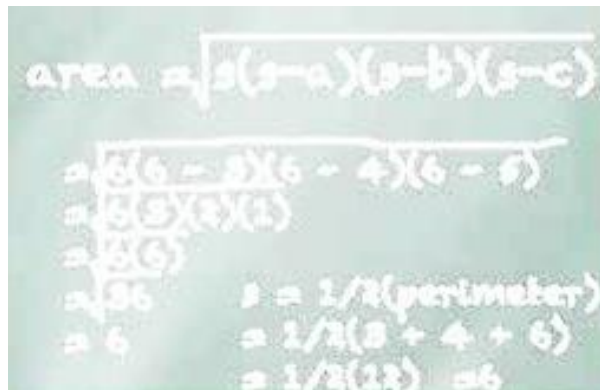

*Our advantage*

- ✓ We are experienced and know what we are doing, since 1971
- ✓ We start by gathering information
  - Who sits where - a blue print
  - Page speakers
  - Cabling (phone & computer)
    - Use the existing cable ?

*How it can work*

- ✓ Day, Night
  - Hours of operation
  - VM announcements
  - Lines ring to extension
  - Digital phone
  - Cell phone
  - Cordless extension
  - Voice mail can be sent to user's email (for access anywhere)

*Label the programmable buttons*

- ✓ Line
- ✓ Extension (intercom)
- ✓ Page

We make it simple

- ✓ Review our [Standard Parameters](#)
- ✓ You tell us what [Optional items](#) you might like
- ✓ We are a communication company
  - Strive to do our part to communicate, before, during and after
  - Get the system up & running, without delay
  - We can customize when ready or needed
  - Install the new system
  - Provide notes on how to use it
  - Provide training and customize when ready
  - Phone rings, answer the call - it works

Codes - Please fill in above where it applies  
LO - Local calls only: No 800 or long distance calls  
NO - No Access to callout but can take calls off hold - can dial 911  
W - Wall mount
